## **About Northern Bands Hockey Tournament**

The Northern Bands Hockey Tournament has been organizing this annual event for over 30 years. The location of the tournament has changed over the years and in 2013 the tournament chose Dryden as a great fit for the tournament needs.

The number of teams has varied each year with an average of approximately 40 teams travelling from Northern communities to the tournament. The success of the tournament is spreading and the registration numbers are steadily increasing.

We rely on the continued support of our organizing committee, our sponsors and other individuals who have in some way contributed to our success. We look forward to continued success in years to come.

### **Committee Members**
